

# TIDieR Checklist

## TIDieR Checklist

Scope: Template for Intervention Description and Replication.

Reference: See [source/archetypes/tidier-2014.yml](#) for canonical link and provenance.

### Instructions

- Use the boxes to confirm each reporting item.
- Add reviewer notes under each section as needed.

### Brief name

- ☐ **1. Brief name:** Provide the name or a phrase that describes the intervention.

### Why

- ☐ **2. Why:** Describe any rationale, theory, or goal of the elements essential to the intervention.

### What

- ☐ **3. What (materials):** Describe any physical or informational materials used in the intervention, including those provided to participants or used in intervention delivery or training of intervention providers.
- ☐ **4. What (procedures):** Describe each of the procedures, activities, and/or processes used in the intervention, including any enabling or support activities.

### Who provided

- ☐ **5. Who provided:** For each category of intervention provider (e.g., psychologist, nursing assistant), describe their expertise, background, and any specific training given.

### How

- ☐ **6. How:** Describe the mode(s) of delivery (e.g., face-to-face, internet) and the setting (e.g., home, clinic) for each component of the intervention.

### Where

- ☐ **7. Where:** Describe the location(s) where the intervention was delivered, including any necessary infrastructure or relevant features.

## When and how much

- [?] **8. When and how much:** Describe the number of times the intervention was delivered and over what period of time, including the number of sessions, their schedule, and their duration, intensity, or dose.

## Tailoring

- [?] **9. Tailoring:** If the intervention was planned to be personalized, titrated, or adapted, then describe what, why, when, and how.

## Modifications

- [?] **10. Modifications:** If the intervention was modified during the course of the study, describe the changes (what, why, when, and how).

## How well

- [?] **11. How well (planned):** If intervention adherence or fidelity was assessed, describe how and by whom, and if any strategies were used to maintain or improve fidelity.
- [?] **12. How well (actual):** If intervention adherence or fidelity was assessed, describe the extent to which the intervention was delivered as planned.
