

SRQR Checklist

SRQR Checklist

Scope: Standards for Reporting Qualitative Research.

Reference: See [source/archetypes/srqr-2014.yml](https://source.archetypes/srqr-2014.yml) for canonical link and provenance.

Instructions

- Use the boxes to confirm each reporting item.
- Add reviewer notes under each section as needed.

Title and Abstract

- ☐ **1. Title:** Concise description of the nature and topic of the study.
- ☐ **2. Abstract:** Summary of the study, including the problem, purpose, methods, findings, and implications.

Introduction

- ☐ **3. Problem formulation:** Description of the problem or question and its importance.
- ☐ **4. Purpose or research question:** Purpose of the study or research question.
- ☐ **5. Rationale:** Rationale for the study, including the state of knowledge on the topic.

Methods

- ☐ **6. Qualitative approach and research paradigm:** The qualitative approach (e.g., ethnography, grounded theory) and the research paradigm (e.g., positivist, constructivist).
- ☐ **7. Researcher characteristics and reflexivity:** The researchers' characteristics and their reflexivity on how they might have influenced the research.
- ☐ **8. Context:** The context of the study (e.g., setting, participants).
- ☐ **9. Sampling strategy:** The sampling strategy used to select participants.
- ☐ **10. Ethical considerations:** Ethical considerations, including how informed consent was obtained.
- ☐ **11. Data collection methods:** The methods used to collect data (e.g., interviews, focus groups, observation).
- ☐ **12. Data analysis:** The methods used to analyze the data.
- ☐ **13. Techniques to enhance trustworthiness:** The techniques used to enhance the trustworthiness of the findings.

Results/Findings

- [?] **14. Main findings:** The main findings of the study.
- [?] **15. Quotes/excerpts:** The use of quotes or excerpts to support the findings.
- [?] **16. Integration with prior work:** The integration of the findings with prior work.

Discussion

- [?] **17. Discussion of findings:** Discussion of the findings, including their implications.
- [?] **18. Limitations:** The limitations of the study.
- [?] **19. Conclusions:** The conclusions of the study.

Other

- [?] **20. Funding:** The sources of funding for the study.
- [?] **21. Conflicts of interest:** Any conflicts of interest.
